

Dear Friend:

Survivors of rape, molestation, and other forms of sexual assault rely on you—nurses, physicians, sexual assault service providers, law enforcement, and prosecutors—to treat their physical wounds, provide them with justice, and help them endure severe emotional trauma while beginning the difficult recovery process.

In the criminal justice system, we rely on those who first treat victims of sexual assault to collect the evidence used to identify, prosecute, and convict the assailants—crucial steps to providing some sense of peace and security in the victims' otherwise shattered lives. No matter what role you play in this critical process, your invaluable work places you on the frontline of the fight against sex crimes, and makes you one of the most important people in victims' lives.

I would like to invite you to an important five-day training seminar designed to educate registered nurses, physicians, law enforcement, prosecutors, and sexual assault service providers about the adolescent and adult sexual assault patient and performing the medical forensic exam. The Sexual Assault Nurse Examiner (SANE) training program will help all of us work together to better protect Illinois citizens from the painful effects of sexual assault. I hope you can join us.

Very truly yours,

LISA MADIGAN
Illinois Attorney General

**February 6–10 @ Hilton Gardens in Springfield OR March 27–31 @ John A. Logan College in Carterville
